

METRO VITALS

MEDICAL + PHARMACY | VISUAL IDENTITY KIT

Core brand system

Positioning: modern, warm, urban healthcare with an integrated pharmacy.

Primary visual language: soft mauve, white and dark charcoal with a restrained muted-red accent.

Tone: calm, clinical, capable, human, contemporary.

Applications included

- Primary, reversed and icon logo marks
- Business card front / back
- A4 letterhead and prescription pad
- DL envelope
- Pharmacy / retail carry bag
- Notebook / branded book cover
- Vehicle side livery
- Ambulance side livery
- Instagram / social square ads (4 concepts)
- Instagram story poster
- Email signature

Recognition rules

- Keep the logo clear and never stretch or distort it.
- Use the gradient mark only on clean, uncluttered backgrounds.
- Use the reversed logo on dark plum backgrounds.
- Keep muted red as an accent rather than the dominant field colour.
- On vehicles, maintain a strong left-to-right reading order: mark > name > service cue > contact.
- For healthcare communications, prioritise clarity and accessibility over decoration.
